Dear Mr. Haddock,

Enclosed is two copies of the final report by Montgomery Archeological Consultants (MOAC) which documents data recovery at the eight archaeological sites identified to be impacted as part of the mining process at the Coal Hollow Mine (C/025/0005). This submittal is not considered part of the Mining and Reclamation Plan but is submitted to UDOGM so that this information can be forwarded onto the State Historic Preservation Office (SHPO) following formal agency protocols. One copy is for the UDOGM records and the second copy should be forwarded to Ms. Lori Hunsaker, Deputy SHPO.

Please let me know if you have any questions or concerns.

Sincerely,

Chris McCourt
Manager
